All American Chevrolet was very helpful and replied to me right away with options on cars that I'm looking for. Both the salesman and the manager were involved and contacted me. Good team! Great response and have been very good at

emailing me answers to all the questions I have, even after I have contacted them 3 times on 3 different cars. Tom has been wonderful to work with so far. Responded quickly to my inquiry. He is a man of his word. These people are super fast at helping me out. I recommend this place highly. I haven't received the car yet but the dealership was very easy to work with and Deron has been right on top of everything. Just waiting for the transport co. Very helpful salesman and great overall experience. Vehicle was as described. No surprises. I would recommend anyone working with this dealership for your next purchase! The car They said was Excellent shape when I Drove almost 3 Hours to see it , The right side had been painted and the paint had runs and drips in it. They said it was not in a accident. The Headliner was also in bad shape. They never even started the car. They asked me if I was Ready to sign the papers I would not refer This dealership. Down to earth salesman. Worked on with the price of the car. Runs a clean professional business. Lots of desirable cars at reasonable prices. The front end is decidedly Bentley-esque and features a large grille with a sloping hood that gives the a muscular stance. Slab sides and a squared-off rear complete the look, though the car avoids looking boxy. The high-performance SRT-8 trim has functional air ducts to direct airflow toward the brakes, and a functional rear spoiler adds some degree of downforce to the rear of the car. Inside, the cabin is styled in much the same way, though with more purpose and function. The dash and all controls are styled in such a way as to be upscale but clean, with almost no unnecessary decoration to clutter the look. The car is one of the more engaging performers of any American sedan of its era, regardless of size or price. In its most basic form, the Chrysler performs admirably. Its 2. It maintains a high level of composure during spirited driving, and can even be a weekend thrill ride for someone wanting to carve up a canyon road. Thanks to its Mercedes E-Class roots, the ride is smooth but controlled, and the steering is weighted just right to make the car feel responsive. The four-spoke steering wheel is accented with wood trim, almost like those found in Mercedes-Benz vehicles. The interior is quiet and calming, as it should be in a car that has such luxurious aspirations. Wind and road noise are all but squashed, and the long wheelbase gives the car a wealth of space inside. Back-seat passengers have a generous 40 inches of rear legroom and can enjoy amenities like a folding armrest with cupholders. Large door openings make entering and exiting the rear seat very easy, and give parents an extra few inches to load car seats. The driveshaft tunnel cuts into that oasis a bit, but the outboard back seats are large and easily accessed. The comes well equipped in all of its forms, but the higher trims are where the most entertaining features step in. A navigation system can be added, as well. The comes standard with front seatbelt pretensioners, rear-door child safety locks, child seat anchors, and a passenger-sensing airbag system. Optional features include four-wheel anti-lock brakes, fog lights, stability control, an anti-theft alarm, four-wheel ABS, ventilated disc brakes, automatic headlights, traction control, and a tire pressure monitoring system. The National Highway Traffic Safety Administration NHTSA rated the five stars in both front crash test categories, four stars for driver-side crashworthiness, five stars on the passenger side, and four stars for rollover resistance. Value runs strong with the Chrysler Not many cars are on the same level, even for much more money. Full-size cars deliver full-size gas mileage, but the Chrysler delivers near-SUV mileage. The base model, equipped with the 2. Both the 3. Gas mileage aside, the Chrysler makes for a compelling alternative to more expensive offerings from BMW or Cadillac, though newcomers like the Hyundai Azera bring some competition to the segment.
