update: New contactless services to help keep you safe. We wound up choosing '07 Outback instead. An appointment was available the day we called. Staff and owners were courteous, efficient, and helpful. Paperwork was handled timely. Vehicle pricing was fair, enabling people like us who either do not have a lot of money or are too old to responsibly sign long term notes, to have transportation that is low emissions vehicle. I would gladly recommend these folks as treating us like they would like to be treated. Excellent service. Amy was extremely helpful. Told them something wasnt working and they fixed it immediately. Filled my tank and I drovw off with a new truck. I asked him about the car and told me about the car They didn't push the car on me Just interesting Still interested If the car still available I would recommend my friend to that dealership. The car sold in a day so I didn't get to deal with them but they returned my request for the vehicle. I have no stars to give. They were all over my contact by e mail. Until they found out, I was bringing cash in hand, they must get a nice kick back from the bank, my bank charged me 4 percent, same bank with them 7 percent. Be cautious, they are working on all kickbacks apparently. I purchased this car as a gift. The dealer especially the sales person Whitney very helpful and easy to work with. Glad I purchased from them. Yes they contacted me several times but it took them a while to answer some direct questions, I contacted them on two vehicles on the second inquiry I am still waiting for pictures and price. After nearly ten emails and repeated requests for a price I finally got a price, took several days to get a price. Complete joke. The truck that I wanted was at a body shop and they said that I would have to wait till they got finished with before I could buy it. Sent an email for a test drive. Got a response but had to change the test drive date. Sent an email but never heard back. Don't know if still have the vehicle? Would have liked for someone to email me back to confirm test drive change. Really wanted the truck. Conflicting works hours would not let me come see it in person as I live an hour and a half away. Said he could meet me there after normal hours. Then wouldn't meet me on Saturday. I have inquired about many trucks thru car guru. Every dealership i have contacted are more than willing to help. Professionally pleasant and informative about the subject at hand or even your options. I'm the I want to meet you in person type guy but they really was and thoughtful on the chat made me rethink the whole web thing. Coronavirus update: New contactless services to help keep you safe. Contacted me right away. Dealer responded. After looking at the vehicle I was not interested. Nothing wrong with the car just not something I fit in as I am a large man. Great experience. Not pushy. You can take the vehicle to your mechanic.. Great prices. Cant ask for a better dealer. Don't think these people really care if they sell cars or not,, Response was " lots of people are looking for this vehicle , if you don't want it someone else does. He called back within 2 minutes of my response. Gave a thorough description of the car and an open invitation for me to view it at my convenience. The dealer had my phone number but only contacted me by email once about the minivan. They were kind, patient and knowledgeable. Hopkins was extremely helpful and professional. Car sold before I could get to see it but dealership was very professional and helpful. Appreciated the customer service. I contacted

Integrity AutoMall about a Pontiac G6 and asked them if there was any chance they could come down on the price. They were very up front with me and said they were firm on their price. I appreciate not having to make the trip. They were courteous and that was the end of our conversation. I did buy a car from another dealership the following day. The owner was very helpful and intelligent. We didn't make a deal but I would talk with them again. This auto appears to have the safety features I am looking for. Additionally the low miles is a plus. Downside description omitted lumbar support for driver seat and nomp3 play or hookup. Very nice and flexible salesman- it turned out that I did not buy the car it was great. I loved it, but it was much smaller than I thought. The dealer was great. He was not comfortable putting our 16 year old in the car we had gone to look at. It was not in great shape mechanically and did not make it onto the lot. He walked us to another lot and found and awesome car we bought and are super happy with. Nice people that worked with me.. The only issue I had was the vehicle was on empty when we left the lot didn't notice until after we left. I've always had a dealership fill the gas up so that we wouldn't run out of gas. Was thankful there was a gas station right across the street. Thanks to rbrice I'm happy and satisfied great location clean dealership and nice staff Best experience I have had at a dealership! He was straight forward with me and answered all of my questions! He made it a very smooth transaction and got me in exactly what my family needed! Will definitely be going to in the future! My experience was great!!! Thank you for this great experience. Would recommend this place to anyone. Right from the reception on down Everyone was helpful and very courteous The salesperson went over and beyond what was expected. Some dealers could take some lessons from this place on how to treat customers. Quick response. Very friendly and a very pleasant experience. Not only am I happy with my vehicle I have found a comfortable place to take my vehicle and feel confident they will take care of what needs to be done. The woman I spoke with was terrific and I would recommend Boyer Chevrolet to anyone! Ryan has been most helpful. They sent me the Carfax right away. This may be the vehicle I purchase. I had an amazing experience at Addison on Erin Mills from the moment I inquired about a vehicle to the

moment I purchased my new car! Their customer service is wonderful! I would highly recommend them to anyone seeking knowledgeable and friendly assistance when looking into buying a new or used car. Thank you Addison! They contacted me right away and tried to make arrangements to meet me. Hopefully the car is still their when this is all over I am very interested in it. Good info! Sorry I missed another opportunity because they forgot to call me back to say it had sold! What a great car buying experience. Darrell Kraemer is a great guy and easy to deal with. Came away feeling like I had bought from a friend. Highly recommend Kraemer Automotive. So far it has only been general information but at a later date I will pursue this further. I don't plan to buy until april or May. Over all the dealership has been good. I highly recommend them!!! Do not deal with this dealership Extremely unprofessional Harassed me for a deposit 3 calls to book a test drive and demanded my drivers licence to be sent to them. Multiple calls and texts wanting me to send money to " hold" the vehicle. I simply wanted a test drive. Great costumer service!! Looking to please the customer! Car was as shown in the photos and clean. So friendly, highly recommend. Overall great service. Although we couldn't make a deal, the salesman was positive and polite. We couldn't agree on price. We looked another truck, car fax was explained, work done on the truck was explained. Friendly, answered all our questions. I have not made a purchase but simply inquired about a vehicle. I was supposed to get some more photos of the undercarriage, but I still have not gotten them yet. But in his defense, when I called they were closed due to a snow storm, and the salesperson was going to try to get in the next day to get me pics. I guess he forgot. I have no problems with truck runs good. They called me quickly, but when posed the question about how much they would come down to, I was told he would get back to me. He has not gotten back to me. Not mad, just lost a sale. When I got there that morning for my appt they verified that morning they said car was just sold. And I still had help desk call me 30min later to see if I was going to make appt. I had a fantastic experience buying a car for my daughter. It was professional, and courteous. I recommend to visit this dealer, and I will be back when buying a car again. Thank you. We'll help you find great deals among the millions of vehicles available nationwide on
